Tips for taking to the Fiesta Arts Fair

- Riding the bus downtown for **Fiesta** avoids the hassle of parking, traffic and driving. Plus it's the green way to go!
- Ten VIA routes serve the Southwest School of Art, including the **blue** streetcar. Please check the map to find the best route for you.
- Bus fare is **\$1.10** each way (including the streetcar). Cash only and drivers do not make or carry change. Reduced fares are available for children, seniors and the disabled, see website for details.
- In order to provide the most efficient service all routes are paired with another route through downtown (shown in () on map). For example, route **68 Guadalupe** changes to route **92 Fredericksburg**, after traveling through downtown. If you are coming from the westside on the 68 the bus will change to route 92, but you don't need to change seats, the 92 stops across the street from the Southwest School.
- Cyclists welcome! All buses have space for two bikes, if you prefer to **pedal** one leg of your trip.
- Check www.viainfo.net or call 362-2020 for individual schedule or route information.
